Principal's Message

This week the children have been focussing on being Problem- Solvers and it's been lovely to see just how much they have been trying. I've been in lots of classrooms this week and have been really impressed with the resilience that children show when they are finding something difficult and their ability to help one another has been lovely to see.

Next week we are focussing on being 'Enquiring' so we will be encouraging children to ask questions about their Project and to delve even deeper into their learning.

Don't forget to book your Parents' Evening slot if you haven't already and I look forward to seeing you all there!

Have a lovely weekend.

Miss Nurse

Our School Values—Dinner time discussions!

Next week our focus will be 'Enquiring' and the staff will be awarding house points for pupils who demonstrate this value.

Year 4—Bosworth Battle

On the 9th November, Year 4 will be visiting Bosworth Battle Field as part of their PBL project. Whilst there, they will be learning about life in Roman Britain.

Payments payable on Parentmail

Year 4 Swimming starts on Monday for 2 weeks

Year 5—British Museum

Year 5 will be travelling to the British museum on the 7th of November. Linking to both our project based learning and our class Novel 'Secrets of the Sun King'. We will be travelling to London to collect research from the museum, find facts and look at artefacts in the museum walk about. The children will also take part in a workshop session about ancient mummies.

Payments payable on ParentMail

TIMES TABLES ROCK STARS

Last week, we relaunched *Times Table Rock Stars*. This week, children have been taking part in their first Battle of the Bands, which has seen them compete in their year groups to be crowned the class with the best average score.

The winner will be announced on Monday in assembly along with the next class they will be battling against.

Since we relaunched, 54 children have received certificates for setting a new Rock Status. The children's enthusiasm has been incredible!

Keep rockin' Henry Hinde Junior!

Whilst the age limit to use WhatsApp is 16, it remains a popular app amongst people of all ages. It uses **end-to-end encryption**, which means that only those with access to the phones of the sender and receiver can see the messages. This has caused multiple problems for agencies such as the police when dealing with incidents of cybercrime.

As default, any pictures sent via WhatsApp are saved to the recipient's phone, but with the release of their new "**View Once**" messages, videos and images can be sent that can only be viewed once. These are not saved to the recipient's library.

Children are not permitted to use their phone during the school day and we encourage parents to be mindful of the age limits apps recommend. Parents are responsible for monitoring their child's use of technology outside of school, and whilst we are unable to support with any incidents of bullying or technology misuse that occur outside of school, we very much appreciate being informed of when this occurs.

For more information on how to keep your child safe when using WhatsApp, please visit the following websites:
